Bring your scene to life with sound!

Now that you have created the visual element of your scene, you need to create the sounds that will bring it to life!

- 1. Watch this Honda car advert to give you some ideas: <u>https://www.youtube.com/watch?v=U05Was4Wf1k</u>. Your challenge is to create a soundscape using similar vocal and body sounds.
- 2. Decide on the sounds you are going to use. Make sure they use contrasting DYNAMICS (volumes).
- 3. Create simple symbols to represent the sounds. Add your symbols to the storyboard so you can see how the sounds fit with the story

Symbol	What does it mean?	Symbol	What does it mean?
X	Clap hands once loudly.	EXAMPLE xxxxxxx	Clap hands quickly and quietly
			Stamp feet
